“ Mrs Connie came to my house one day with Lionel and a couple more family memebers because a storm had knocked the power out in their house. We all was at my dining room table chatting but I was drinking wine. Mrs Connie mention led to me that she hadn't had a drink in years so u said " girlll let me get u a glass" I poured her a small amount in her glass and when she raised her glass to take a sip, allher family memebers that was there raised their phone to record that moment. I found that sooooo funny. The next day Lionel call me and said Mrs Connie asked him to go to the store and get her some red wine. Mrs Connie, you were a soft spoken, sweet and gentle soul. You will be missed.
